The screenshot displays the VS Code interface with the Extensions Marketplace open. On the left, a list of extensions is shown, with 'Postman' at the top. The main panel shows the details for the 'Postman' extension (v0.14.3) by Postman. The extension is described as 'Streamline API development and testing with the power of Postman, directly in your favorite IDE.' It has 315,405 downloads and a 4.6-star rating. The extension is currently installed and enabled globally. Below the details, there is a section titled 'The Postman VS Code extension' which states that the extension is in its beta phase and provides a link to the Visual Studio Code repository. On the right side of the extension details, there are sections for 'Categories' (Programming Languages, Education, Testing, Other), 'Extension Resources' (Marketplace, Repository, Postman), and 'More Info' (Published, Last released, Last updated, Identifier).
